

ONE PARLIAMENT FOR THE EMPIRE

British Parties in Conference Agree
on Establishment of An Imperial
Parliament

London, July 28.—Home rule for Ireland and Scotland, as well as an Imperial parliament with representatives from all parts of the empire, is the latest and most important step in England's progressive political program which has had the hearty sanction of the House of Commons.

It is also said that the House of Lords will be curtailed as to its power, and that other vital matters concerning the budget and home affairs have been definitely agreed upon by the leaders of both parties in parliament who have been in conference since Tuesday.

Aquith Will Make Announcement.
Premier Aquith intends to make the announcement regarding the result of this secret conference, and it is generally admitted by those who take part in it that it will be an important utterance ever pronounced by a prime minister of England. In fact, the matters agreed upon are of such importance that entire secrecy could not be maintained, and the cabinet tonight is eagerly discussing the progressive measures agreed upon.

Reached Agreement on Veto.

It is known that the conference reached an agreement concerning the power of the House of Lords which will be the chief reason for their meeting together in conference, as it were, instead of precipitating discussion by throwing the matter directly into parliament, and that the decision curtails the hereditary powers of the members of the House of Lords in the government of the people.

But when the leading members of the parliament began to discuss the affairs of the government they went beyond the matter of the House of Lords' veto, and did what in the United States would be platform talk, only in this case the platform was agreed upon by the leaders of both parties in parliament and is certain to be carried out.

Home Rule For Ireland.
According to information received it was decided that the place of Ireland and the Irish would be under the control of a grand committee, so that Ireland would have home rule in fact but not in name, and instead of being separated from the British Empire would be more closely welded to it. This same plan it was agreed would be extended to Scotland.

Next the conference agreed upon the necessity for an Imperial Parliament, embracing and linking all parts of the British Empire and forming the United States of Great Britain.

JAILED FOR SETTING FIRE.

Cleaver County Man Who Started
Forest Fire Sentenced to Jail

Bemis, Minn., July 28.—G. W. Pearson, a resident of Cleaver county, was brought to Bemis county jail in this city today and lodged therein to serve a sentence of thirty days for a violation of the state law relative to the setting of a forest fire. Pearson, so he claimed, had a contract to clear up and burn some old slashings and brush on land in Cleaver county, and started the fire for the purpose of disposing of the refuse. The fire got out of control and it appeared to authorities that Pearson realized what he was doing and it appeared to authorities that he was destroying considerable timber. Pearson pleaded guilty.

SIR WILFRID MAY BE THE FIRST PASSENGER

On Western Hundred-Mile Section of
Grand Trunk Pacific—Good Prospects for
Business—First Passenger
Time

Sir Wilfrid Laurier, in his present tour through Western Canada, had the pleasure of riding on the first passenger train into Fort William of the great transcontinental line in which he takes so deep an interest. When the Premier reached Prince Rupert next month, to the most western and northern point in his tour, he will probably be the first passenger over the western hundred-mile section of the Grand Trunk Pacific. From Prince Rupert and terminus of the Grand Trunk Pacific trains can now run nine miles to the great bridge over the St. Lawrence river, the first of which are built and the steel now being put on. The bridge will be completed for trains by the time of Sir Wilfrid's visit on August 22. Beyond that the track will be laid to the end of the 100-mile section, and the Premier will be taken on a ride to that point. Of this section there is fifty miles in the level.

The second section is 144 miles. Nearly the whole of this is graded and track laying is under way. From Winnipeg to the westward 225 miles are in operation. This brings the line to Eden, on Wolf Creek, which is the end of the prairie section. Of the 144 miles from Wolf Creek to Prince Rupert, the whole of the grading is done to the westward.

The tracklayers are making good headway on the west side of the Pass, but the work is heavy and they have completed but fifty miles. This leaves about 400 miles of road to be made before the gangs from the east shake hands with those from the west. The work is right up to schedule time, though the contractors have been hampered by a scarcity of labor. They obtained an easement of this condition, however, by action of the federal government on July 26, by which laborers are free to enter Canada without the money consideration and without coming direct to Canada from their native land. As matters, however, are still barred.

High wages are offered and with additional labor the road may be completed before schedule time at the close of 1912.

AROUND THE CITY

LOCALS.

The city is remarkably free from typhoid fever, despite the unusual severity of the house fly pest. The municipal report says few cases.

Garriemont. N. N. Cayce, copyist of Edmonton, was tried at the city police court yesterday afternoon on a charge of insanity. He will be sent down to Calgary tomorrow and will ultimately be taken to Brandon.

PERSONAL.

Jas McKernan, postmaster and telegraph operator at Athabasca Landing, is visiting in the city.

SENT DOWN FOR TRIAL.

J. Granberg came up for his preliminary hearing last Wednesday at Wilkesville, charged with stealing timber. He was committed for trial and sent down to Fort Saskatchewan.

HAGUE TRIBUNAL ARGUMENT.

Sir William Robson Refutes Assertion
Made by United States Counsel

The Hague, July 28.—After having refuted the assertion that after the decision of the arbitration case at Halifax, the United States had only paid the indemnity to Great Britain after having received assurance from the British government that Great Britain certainly had no right to exercise jurisdiction over American fishermen, Sir William Robson, before the fisheries' tribunal yesterday dealt with the doctrine of international servitude, whereon the United States based its claims and that its rights to fish were not subject to British law.

Sir William argued that no one would pretend that subjects of a foreign state, to whom had been accorded the right to enter the ports of another state for purposes of commerce, were freed from local laws. No logical reason could be advanced by the United States which had in any way proved that when a state was concluded that the doctrine of international servitude was universally admitted.

The proceedings are expected to terminate on August 10. Senator Root delivering the closing argument.

Laid Over.
London, July 28.—The woman's suffrage bill will not be allowed to come up in the House of Commons this session.

ASPHALT MOUNDS AT FT. McMURRAY

Twenty-Nine People Down From
The Far North For The
Winter

"The north country swarms with prospectors, and numerous claims of various kinds are being staked out," said H. A. Dewart, who has just returned from a six months' journey to Fort McMurray, to the Bulletin yesterday afternoon.

"It is a great country up there. The greatest in the world, bar none. The mineral resources are boundless and there is a stretch of the finest prairie land about forty miles wide and two hundred miles long from the Peace River right down to Great Slave Lake."

Mounds of Asphalt.

"Asphalt crops out everywhere. Along the Athabasca it occurs in great mounds as high as the banks of the Saskatchewan. The people are using it now in a raw state to road their horses with."

"Salt can be picked up in places in chunks like large stones. When Neil Cameron was hunting for oil right at Fort McMurray he went through 260 feet of salt in two years. He has now bored down to a depth of over a thousand feet and prospects of striking oil are excellent."

"When Hon. Frank Oliver was at McMurray he expressed his delight at what he saw. He did not think that such a fine country existed in that region."

"Agriculture has had another successful year at McMurray and the district there are in splendid condition. Fifteen households have been taken up in the neighborhood of Fort McMurray."

"Twenty-nine came up the river in our party."

Gold at Fort Mac.

Colin Gordon, Frederick Fraser, H. Wilson, Messrs. Cameron, James Donovan and Wm. Hinchcliffe, who have been prospecting for gold in the Fond Du Lac region, were among the party. Mr. Hinchcliffe is one of the best-known prospectors in the north country, brought down with him some splendid specimens of gold quartz.

"The country is good enough for me to go back to it," said Mr. Hinchcliffe to the Bulletin.

With the party were Miss T. Gordon and George Gordon of New Zealand, who have been visiting for a year at the home of their uncle, Wm. Gordon of Fort McMurray, and Mrs. and Miss Wiley of Fort Chipewyan.

Conductor Rewarded for Heroism.

Ottawa, July 27.—Yesterday the governor, generally on behalf of His Majesty the King, the sovereign head and patron of the order of the Hospital of St. John, of Jerusalem in England, presented Mr. Thomas Reynolds with the order in recognition of his gallantry at Spanish river on June 21st last.

Soldiers Poisoned.

British, Va., July 27.—Probably 500 old soldiers at the Mountain branch of the National Soldiers' home at Johnston City, were poisoned by bread pudding, which they ate. The home corps of physicians were kept busy for several hours. Two deaths at the home occurred last night. It was rumored that they resulted from the poisoning, but officials of the home denied the report.

THIS IS THE SALE

That Edmonton appreciates. We know it. We can tell by the great response. It's gratifying to us to know that our efforts bear fruit; that the good values we're offering are judged not alone by price, but by quality; and that by offering the bargains we are benefiting hundreds of people as well as ourselves. We want your trade. And we're going to keep hammering away at the same old policy—the BEST merchandise obtainable at the LOWEST PRICES consistent with good store-keeping. Keep in touch with this SATURDAY SALE—it means SAVINGS for you.

THE New Waists are on Sale

They arrived a few days ago, bought from a New York manufacturer (of national reputation for good workmanship), who owing to a slack season (due to the shirtwaist strike and other causes) offered us substantial reductions providing we took over a large portion of his stock. Our representative, figuring on the low prices we could sell them at, decided there was no risk and here they are in wonderful array—some 40 dozens all told (have not yet had time to count quantities exactly), every conceivable design is included—a few descriptions follow—

AT \$1.95

Smart tailored waists, some strictly Gibson, with fold over shoulder and pocket, in fine line lawn and vesting; others have 1-2 inch tuck full across front of waist, still cuffs, every one a perfect fit. The celebrated MILDRED WAIST MAKERS to the very best people; sizes 32 to 44; regular \$3.00 and \$3.50.

SALE \$1.95

Very pretty waist in black and white muslin, Dutch neck, dainty ruffle down side front, elbow sleeves with turn-back cuff; all sizes; regular \$3.00.

SALE \$1.95

(SECOND FLOOR)

Regular \$4.00 to \$10.00 Slightly Soiled Waists for \$2.95 and \$3.95 (SIZES RANGING FROM 32 to 44)

They are made of French batiste shirt and French organdie handsomely embroidered on front, yoke and sleeves. Special mention may be made of a very fine baby Irish lace with medallions set in shirres and lower part of yoke. Just the waist that will be in vogue this coming season to be worn with voile or silk skirts; regular \$4.00 to \$10.00.

SALE \$2.95 and \$3.95

To-morrow we will show in this Department the remainder of the New York Goods advertised during our Annual Sale. There are Wash Suits, Coats and Dresses, also fine Cloth Suits and Silk Dresses—All to be sold at about half the regular New York Price.

Chicago Market Tick.
Chicago, Ill., July 27.—Wheat showed considerable irregularity at the close tonight. July gaining 1/2 cent, while the more deferred months were half to 1/2 cent lower. When it is stated that the wheat market at Chicago held up tightly it fails to convey to the reader the actual situation governing conditions in wheat at present. Two factors which are known by the trade as the "elevator combine," control not only the cash wheat held in store here, but they are long many millions of bushels of the July and September futures. The wheat in July have worked hard and will for some time hold it here now. Considerable attention and there was some work done in the west market were, however, weak.
A man of some prominence from Canada was in Chicago today, and in a talk with the writer said that in order to take advantage of the low level of the market, an agent expected on the outcome of the North Dakota election, considerable attention and there was some work done in the west market were, however, weak.

MONTREAL LIVE STOCK.
"Montreal, Que., July 27.—About 150 head of butchers' cattle, 50 milch cows, 300 calves and 5000 hogs were offered for sale at the east end abattoir today. Trade was slow and prices had downward tendency. There were no choice cattle on the market, the best selling from 45c to 65c cents per pound. Pretty good animal sold from 45c to 60 cents and common stock, including a good many hogs, at 3c to 4c, 5c per lb. The best selling from 45c to 60 cents. There were several fine milch cows, but the market was slow. 100 to 375 was asked. The other

CHICAGO GRAIN MARKETS.
Chicago, Ill., July 27.—The wheat market was under considerable pressure today and falling spot showed declines of 1/4 to 1 cent for the day. Sentiment, while bright, was obliged to face considerable news that was decidedly bullish. One of the drawbacks to the market was the small trade on outside account. The best prices reported were early in the day, after which there was a sharp decline and the covering of shorts later caused a reaction and a price under the low level of the market. An agent expected on the outcome of the North Dakota election, considerable attention and there was some work done in the west market were, however, weak.

THURSDAY'S GRAIN MARKETS.
Winnipeg, July 26.—Wheat market showed gain at a few points and generally lower temperatures. Liverpool market showed much the same action in price, especially in July, which showed a good range and a 1 cent up. On the other hand while showing an advance early in the morning, it closed down 1/2 cent, and December 7c. Cash wheat advanced 1 cent for No. 1 and No. 2, and 1 1/2 cent for No. 3. The trade was slow to bid, there was some speculative trade but the market on the whole is a narrow one. Chicago market showed much the same action as our own, the current option advanced 1/2 cent and futures 1/2 cent. Chicago September was down 1/2 to 1 cent, December advanced 1/2 to 1 1/2 cent. Minneapolis July 1st ended all option declined from 1 1/2 to 1 cent. The buying was rather slow and the market was not very active. The July and December were fractionally higher, while September was 1 cent lower. There was no rain over the corn belt and investors taking hold, but the advance failed to hold, the market setting

LEA PARK.
Bulletin News Service.
The recent showers have greatly lessened the growing crops which in this district will not run below the level of 1909. The crops in the whole of this settlement south of Winnipeg, the prospects are good. Anderson Brothers, Dewberry, have some miles further west than their first home in the garden within a month. Lea Park is the most of this plant. H. C. Graham, of March place, has a promising crop of Canadian Flax, and in fact everything in the line of garden and field crops looks bright.

AROUND THE CITY

LOCAL

President A. Campbell and directors Robinson and West, of the Edmonton Exhibition Association, went down to Lacombe on the excursion this morning to represent the association at the annual convention held at the Experimental Farm.

PEACE RIVER SETTLERS.

John Miller, H. Hanson and John Simonsen, who arrived from the Peace River last Tuesday, with their families and effects, left Thursday for Peace River. They had with them a head of horse and five wagon loads of effects and supplies. They are to be housed and also buy land in the Peace River district.

EXECUTION ON TUESDAY.

The execution of Wm. Oscar King will take place at Fort Saskatchewan next Tuesday morning. The warrant for the execution is expected to reach the city by tomorrow evening and King will then be informed that his further postponement of the execution will take place. The executioner has already arrived at Fort Saskatchewan and has all arrangements made for the event.

THE RECEPTION TO LAUREL.

Another meeting of the city council, this morning to further discuss the details of the civic reception to be tendered Sir Wilfrid Laurier, who is to visit Edmonton on August 30th-31st next. The latest arrangement is that the presentation of the civic address shall take place in front of the Yale Hotel on a platform erected there. The presentation will take place between ten and eleven o'clock and will follow the parade.

BALL GAME TONIGHT.

The ball game tonight at Diamond M.C.A. teams comprised by one of the best of the season. The Norwood players hold the championship, having a string of seven victories and no defeats this season. Attached to the Norwood team are some of the best players in the city. The game will be a hard one. The home team will be the Norwood, Macfar and Macfar, Y.M.C.A. Hurley and Farney.

TO MEET MAXWELL.

Last night, the local committee received a wire from Calgary this morning asking if he would consent to a match with Young Maxwell, who is now in Calgary. Bert at once replied that he would accept the match. Maxwell has the reputation of being a good boxer. He fought fifteen rounds to a draw with Billy Gordon, and has other good men. It has not been arranged as yet whether the meeting will take place here in Calgary.

RECEPTION TO VISITORS.

At a joint meeting of old boys from Edmonton, Lethbridge, Regina, Saskatoon, and Lacombe, held at the Lacombe hotel, a combined non-political reception on Monday evening, August 30th, in Hon. Geo. P. Graham, M.P., and P. J. Carleton, M.P. The plan will be to hold a reception at the Lacombe hotel. It is especially requested that all the old boys from the various districts keep the date in mind and give the members from their old home a bumper reception.

DISCUSS POLIACY.

A committee of the city council, composed of Mayor Lee and Aldermen McLean and Lundy, waited upon the Board of Trade today to discuss something more to be done to make known the good points of the city to the district. The question was discussed for some time and further action was then deferred until the arrival of Herbert Vandervoort, Winnipeg, with a party of city councilors and tourists, in the course of two or three weeks.

The advisability of the Edmonton Board of Trade sending out an immigration agent to bring settlers to the Edmonton district was also considered. All but action on the subject was deferred till the arrival of Mr. Vandervoort.

DIVISION OF DIODES.

The division of the Diocese of Calgary, which now comprises all the province of Alberta, into two separate dioceses, has been the subject of discussion at the Diocese of Calgary will be the most important question to engage the attention of the Provincial Synod of the Anglican Church of Western Canada at its annual meeting at Prince Albert, Wednesday, August 10th.

Seven clergy and laymen delegates will be present at this meeting to represent the Diocese of Calgary. Archbishop Davidson and Canon Webb will be the Edmonton district representatives. All the western prelates and the Kenora river and Athabasca dioceses will be represented. It is understood that the division of the Calgary diocese will be opposed by the Alberta representatives on the ground that this north is not yet ready to provide the large endowment fund necessary to sustain the bishop of a diocese.
